Re: Written Ex Parte Presentation in WT Docket No. 07-16 and WT Docket No. 07-30

Dear Ms. Dortch:

On May 9, 2007, Steve Perry, Vice Chairman, Dutko Worldwide and Mike Meece of Meece Enterprises LLC met with Commissioner Robert McDowell to discuss the pending application of M2Z Networks, Inc. to lease 20 MHz of spectrum in the 2155-2175 MHz band to provide National Broadband Radio Service (“NBRS”). Mr. Perry and Mr. Meece explained the benefits of this new service and also highlighted how NBRS will help connect millions of Americans that do not have access to broadband technologies.

Pursuant to Section 1.1206(b) of the Commission rules, an electronic copy of this letter is being filed. Please let me know if you have any other questions regarding this submission.

Sincerely,
